PROFESSIONAL SUMMARY

Information Technology undergraduate with hands-on experience building **software, web applications, data-driven dashboards, and IoT prototypes**. Comfortable with Python, Java, C, SQL/MySQL, HTML, CSS and JavaScript, with practical exposure to Flask, machine learning, cybersecurity concepts and cloud technologies. Interested in software development and data engineering roles.

EDUCATION

Bachelor of Technology (Information Technology)

2024 – 2028

M. Kumarasamy College of Engineering, Karur

CGPA: 7.55 (till 4th semester)

HSC — Bharani Park Matriculation Higher Secondary School | 78.34% | 2023–2024

SSLC — Bharani Park Matriculation Higher Secondary School | 77.60% | 2021–2022

TECHNICAL SKILLS

Programming: Python, Java, C

Database: MySQL, SQL

Data & ML: Data Science fundamentals, Machine Learning, Random Forest

Web: HTML, CSS, JavaScript

Backend / Tools: Flask, Spring Boot, Git, GitHub

Other: IoT, Cybersecurity fundamentals, Cloud fundamentals

SELECTED PROJECTS

Examination Performance Analysis System | *Python, Flask, MySQL, Machine Learning, HTML/CSS/JavaScript*

Developed an academic analytics platform for student marks, subject-wise performance, pass/fail analysis, grade distribution and top-performer insights. Integrated a Random Forest-based prediction workflow and dashboard analytics with database-backed records.

AI Phishing Guard – Chrome Extension | *JavaScript, Chrome Extension APIs, Python/Flask, Machine Learning*

Built a browser security extension to detect and flag potentially suspicious websites and login pages. Added a local security test center for validating safe and unsafe web scenarios and connected the extension with a local Flask service for analysis.

EV Charging & Power Quality Monitoring Prototype | *ESP32, ADS1115, Voltage/Current Sensors, IoT*

Designed an IoT-oriented monitoring prototype for EV charging to measure electrical parameters and provide visual/audio alerts. Focused on low-cost sensing, microcontroller integration and real-time monitoring.

CERTIFICATION

- NPTEL Certification — Internet of Things (IoT), 2025
- NPTEL Certification — Industrial IoT 4.0, 2026
- Completed 8 Hindi examinations conducted by Dakshina Bharat Hindi Prachar Sabha, demonstrating proficiency in Hindi language.

CORE STRENGTHS

Problem Solving • Adaptability • Self-Motivated Learning • Time Management • Technical Project Development
